## Report to the Board

### Police Resources and Reported Crime, 2021

*From: Marg Gloade, Strategic Crime Analyst*

*Date: October 26, 2022*

---

Thank you for the warm welcome to Owen Sound Police Service (OSPS). I look forward to using my 25+ years experience as a civilian professional in municipal policing with OSPS.

In the September 28, 2022, Board meeting package, Chief Ambrose highlighted the 2021 Crime Severity Index (CSI) in Owen Sound and Canada which was released on August 2<sup>nd</sup> by Statistics Canada. In this report, additional details on the annual 2021 police-reported crime and the annual police administration survey are presented along with some statistical comparisons with other municipal police services for context. This background information will help set the stage for the Service's next strategic plan.

#### **Police Personnel**

Since 1962, Statistics Canada has conducted the annual Police Administration Survey (PAS) which includes data on police personnel and expenditures. Because of the pandemic, data for 2020 was not collected. In March 2022, key trends in police resources across Canada from the 2021 PAS were presented in the attached Infographic (slide 2) and data tables were made available.

There are over 40 municipal police services in Ontario, ranging from Toronto Police Service with almost 5000 authorized sworn officers serving 3 million people, to Gananoque Police serving 5500 people with 15 authorized sworn officers. Of these municipal police services in Ontario, in 2021 there were 18 or 43% serving populations of less than 50,000 including OSPS, all with unique characteristics, geography, population density, different population draws, and/or student populations (slide 3). OSPS' authorized number of police officers (Board approved and budget allocated) has remained at 41 since 2009. The 2021 census recorded the City of Owen Sound's population at 21,612; Statistics Canada's PAS survey

uses a population figure of 22,657; and the 2017 Owen Sound Market Area Data Report projected the 2021 Owen Sound Trade Area population at 39,336 (slide 4).

The number of police officers per population or “cop:pop” is a traditional measure of comparing police resources. With 41 authorized sworn officers in 2021, OSPS’ cop:pop of 181 is on par with Ontario, Canada, and the average of 175 for these smaller police services (slide 5). The baseline population has a significant influence on the cop:pop ratio. For example, using a projected Market Area population of 39,000 drops the Owen Sound cop:pop ratio to 105. The available police personnel to the demands of the population are key considerations to the level of police services provided to, and expected by, the community.

In terms of actual personnel (the day-to-day number of people on the payroll that varies due to hires, retirements, resignations etc.), the PAS takes a snapshot as of May 15<sup>th</sup> each year. OSPS’ actual sworn personnel was at a high of 82 at this point in time (slide 6). Like the national trends, the number of civilian personnel is increasing (from 29 in 2019 to 42 in 2021), and the percentage of female officers is rising slightly (from 17% to 18%). There are now several sworn members from a population group designated as visible minority.

### **Police-Reported Crime**

Criminal Code violations generally account for less than a third of all police calls for service. Police-reported crime statistics reflect police response to incidents that have already occurred and laying of appropriate charges after investigating. Police-reported crime statistics can also be influenced by different police priorities and targeted police enforcement, as well as the community’s level of trust and confidence reporting crimes to police. In August, key data and trends in police-reported crime across Canada were released and presented in the attached Infographic (slide 7).

Incidents of crime are connected to other social determinants of health, e.g. addictions, mental health, homelessness, and are not police issues alone. For some context, the total, violent, and non-violent Crime Severity Indices (CSI) are presented for Owen Sound, alongside the other municipal police agencies serving populations less than 50,000. Owen Sound’s Violent CSI was at 128 in 2021 after dropping 6.3% from 2020, and was above the Violent CSI of Ontario, Canada, and the average of 88.5 among other smaller municipal police services (slide 8). Owen Sound’s Non-Violent CSI, at 90 in 2021, was also above Ontario, Canada, and the 74.6 average of other small police services, even with a 9.4% decrease from 2020 (slide 9).

Clearance rates represent the portion of criminal incidents cleared by charge or cleared otherwise by police. The total weighted clearance rate takes into account both violent and non-violent offences and weights by severity. In 2021, Owen Sound’s total weighted clearance rate of 56% was higher than Ontario, Canada and the average of 47.3% among the other smaller police services (slide 10).

In terms of actual counts of criminal violations, there were 1,994 Criminal Code violations reported to OSPS in 2021, or 2,084 if traffic and federal statute violations are included. This was an overall decline of about -7% from 2020 (slide 11).

There were 549 reported violent crimes or crimes against persons in Owen Sound in 2021, which were down by -13% (slide 12). Level one assaults (174), uttering threats (136), and criminal harassment (97) were the most numerous offences in this category. First degree murder (1), assault against a peace

office (13), and indecent/harassing communications (22) were offences that increased in volume during 2021.

Non-violent crimes include both crimes against property (901) and other Criminal Code offences (544), which were both down in 2021 by -5.2% and -2.6% respectively (slide 13). Thefts under \$5000 (462), administration of justice violations such as fail to comply with order or breach of probation (369), mischief (164), fraud (154), and disturb the peace (101) were the most numerous offences in this category. Some of the specific non-violent offences that increased in 2021 include: theft \$5000 or under from a motor vehicle, counterfeiting, weapons possession contrary to order, breach of probation, and trespass at night.

Dividing the total criminal code violations by the total authorized sworn officers in a police service offers an indication of the criminal workload per officer. On average, police officers at OSPS handled 49 criminal offences each during 2021, compared to 21 in Ontario or 28 in Canada (slide 14). This is higher than the average of 36 handled within other small Ontario municipal police services. It is also important to emphasize that this does not include the many non-criminal matters that place demands on police such as mental health, check wellbeing, disputes, missing persons, or sudden deaths, and does not include any community policing or proactive activities.

OSPS continue to work with community partners and are committed to community policing efforts that will address long term solutions to issues influencing the safety and wellbeing of Owen Sound. The police resources and reported-crime statistics are important context as the Service looks ahead to the next strategic priorities.

# POLICE-REPORTED CRIME IN CANADA, 2021

## CRIMES AFFECTING THE CHANGE IN THE CSI BECAUSE OF THEIR VOLUME AND SEVERITY

TYPE OF OFFENCE RATE

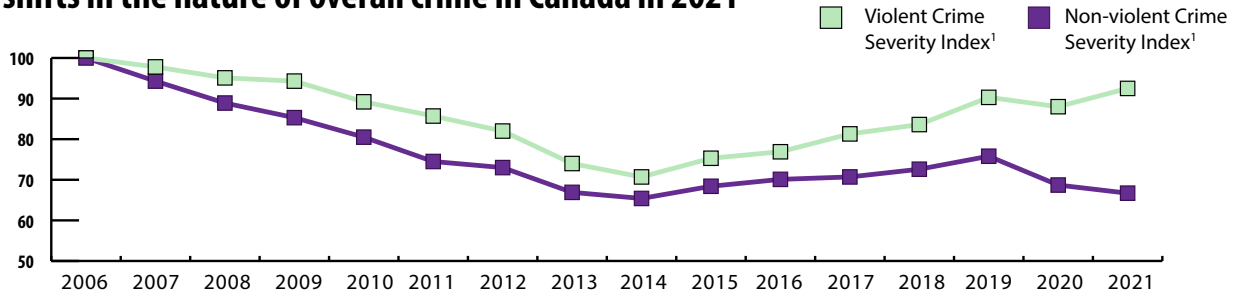

**BREAKING AND ENTERING** -10%

**SEXUAL ASSAULT (LEVEL 1)** +18%

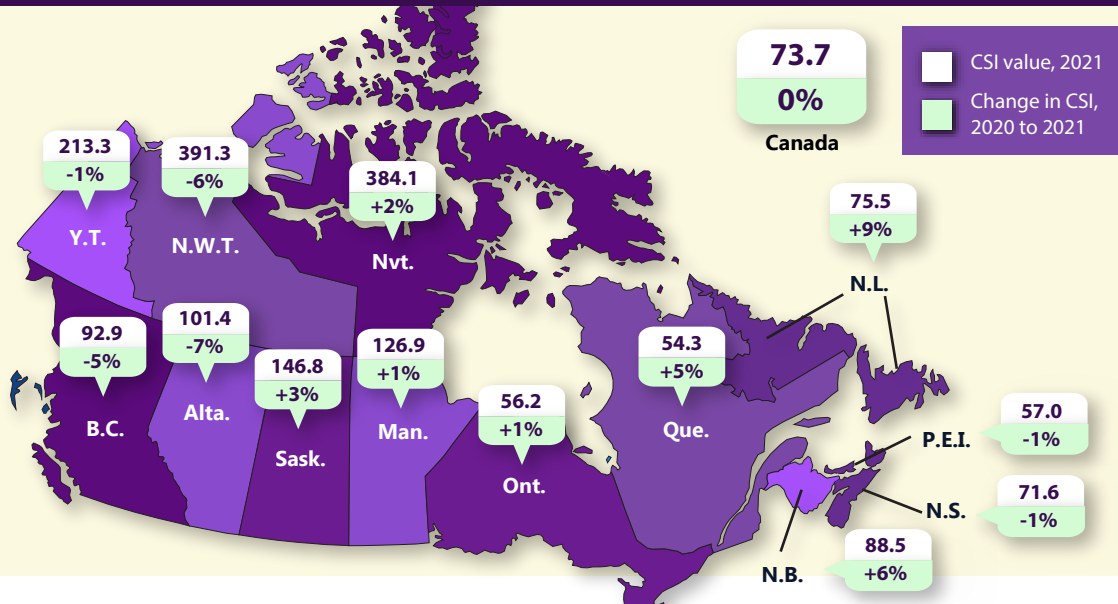

**THEFT UNDER \$5,000** -4%

**ROBBERY** -5%

## Rise in police-reported violent crime and continued drop in non-violent crime reflect shifts in the nature of overall crime in Canada in 2021

## In 2021, there were varied changes in the CSI among the provinces and territories

**3,360**  
HATE CRIME INCIDENTS

The number of police-reported hate crimes **increased 27%** to **3,360 incidents**. Hate crimes targeting religion (including Jewish, Muslim and Catholic) and sexual orientation accounted for most of the national change.

In 2021, there were **788** victims of homicide in Canada, **29** more than in 2020

The rate of police-reported opioid offences (excluding heroin) increased **13%** in 2021. Of all specific drug offences, opioid offences were the only ones to have increased throughout the first two years of the pandemic.

From 2019 to 2021, the crime rate in urban areas<sup>3</sup> was down **11%**, including a **16%** drop in property crime. During the same period, the overall crime rate in rural areas rose **1%**, including a **7%** increase in the rate of violent crime.

## 5 LARGEST increases and decreases in the CSI in census metropolitan areas (CMA)

### Top 5 CSI increases

Saguenay	+14%
Moncton	+9%
Belleville	+8%
London	+7%
Thunder Bay	+7%

### Top 5 CSI decreases

Calgary	-9%
Guelph	-8%
Vancouver	-8%
Edmonton	-8%
Lethbridge and Brantford	-7%

1. While the crime rate measures the volume of crime, the Crime Severity Index (CSI) measures both the volume and severity of crime. To determine severity, all crimes are assigned a weight based on actual sentences handed down by courts in all provinces and territories. More serious crimes are assigned higher weights, while less serious crimes are assigned lower weights. As a result, more serious offences have a greater impact on changes in the index.  
 2. Total homicide victims excludes persons for whom the gender identity and Indigenous identity (5%) or visible minority identity (4%) was reported as unknown by police. The concept of racialized populations is measured with the "visible minority" standard. Rates are calculated per 100,000 of each population by sex.  
 3. Urban police services serve an area where the majority of the population lives within a census metropolitan area (CMA) or census agglomeration (CA). Rural and small town police services serve an area where the majority of the population lives outside a CMA or CA.

## **Report to the Board**

### **Planning the next Strategic Plan 2023-2026**

*From: Marg Gloade, Strategic Crime Analyst*

*Date: October 26, 2022*

---

The Police Services Act (PSA) requires that all Police Service Boards in Ontario prepare a business plan every three years. Under the new Community Safety and Police Act, 2019, a Police Service Board's Strategic plan duties are outlined in Part IV, section 39, with review and revision at least once every four years. The strategic plan shall include quantitative and qualitative performance objectives and indicators of outcomes related to core areas of policing, shall address interactions with youth, members of racialized groups, members of First Nation, Inuit and Métis communities, and persons who appear to have a mental health condition. The strategic plan must also provide an overview of the consultations conducted in preparing the plan as per subsection (3).

The current Owen Sound Police Service (OSPS) Operations Plan outlines strategic priorities and objectives to be undertaken to achieve these priorities from 2020-2022. This Board report outlines a proposed workplan and timelines to review, revise, and draft a new OSPS Strategic Plan for 2023-2026.

 2. Data are collected from police services through self-identification by personnel.  
 Note: Data on police personnel, women in policing, visible minorities, and Indigenous people are based on a "snapshot date" of May 15, 2021. COVID-19 data refer to the period from April 1, 2020 to March 31, 2021. The other data on this infographic represent the calendar year ending December 31, 2020 (or March 31, 2021 as some police services operate on a fiscal year basis). Percentages may not add up due to rounding. Despite the Police Administration Survey being an annual survey, collection for the 2020 cycle was cancelled due to the pandemic. Therefore, the 2021 cycle data are compared to 2019 cycle data.

Owen Sound ON N4K 4M7

Important notice regarding Crime Stoppers "Crime of the Week" Service.

Crime Stoppers of Grey Bruce will no longer accept Crime of the Week submissions from those municipalities who have not contributed funding to the program in the last 24 months. We regret we have had to take this action however budgetary restrictions have made this necessary.

It will solely be the Crime of the Week advertising that will be unavailable to your municipality. We will continue to accept tips relating to your municipality in the same professional manner as we have for 35 years throughout Grey and Bruce. We will continue with our work that has resulted in over \$49.8 MILLION DOLLARS in drugs seized, \$4.5 MILLION in cash and property recovered, 2,387 charges laid, and 110 illegal weapons removed from the streets of Grey Bruce.

Over the past few years Crime Stoppers of Grey Bruce has approached each Municipal Council or Police Service Board to gain partial funding of the Crime Stoppers of Grey Bruce program in the amount of \$2,000 per municipality. As you know, Crime Stoppers is a registered charity. What you may not know is Crime Stoppers of Grey Bruce is rather unique in that we serve so many different municipal partners.

In most Crime Stoppers programs staffing costs are paid for by the Police Service Boards using the program. Guelph Wellington Crime Stoppers for example has two staff members; one is paid by Guelph Police Service and the other by the Wellington OPP. In Grey Bruce all our costs (including tip payments) are covered from either fundraising or from the support of the municipalities who value our program enough to contribute financially.

To more focus the benefits of our program to those municipalities who have been supporters, Crime Stoppers of Grey Bruce has instituted new guidelines on the eligibility of Police Services/OPP to utilize our "Crime of the Week" feature.

Historically, this has been a very effective tool for generating leads in current unsolved cases as well as bringing attention to "cold cases". The Crime of the Week actively solicits Tips from the public for the featured incident using radio, print and online media. This tends to bring in an increase in Tips that often help the Police Services/OPP in their duties.

Of course, Crime Stoppers pays out a reward on tips that result in an arrest or the recovery of property or contraband, incurring additional costs to our program. Using the Crime of the Week in municipalities not supporting Crime Stoppers is akin to a taxpayer paying for police services in a neighbouring municipality.

It is our sincere hope that in the future there are funding changes that will allow us to return full services to your region. If you have any questions, please feel free to contact the undersigned.

Peter Reid
